HUNS DISLIKE LEAGUE PLAN

PAPERS SEE ONLY ANTI-GERMAN ALLIANCE IN LEAGUE OF NATIONS.

By the Associated Press
BERLIN, Feb. 17.—The "so-called League of Nations" is the headline placed over an outline from Paris of the League's proposed constitution by the Zeitung Am Mittag. This Berlin newspaper declares the League is merely an alliance between the five great nations who reserve the right to admit or exclude other nations. The statement in the covenant that disarmament shall take into consideration "geographical situation," plainly means, the newspaper says, that France shall be exempted from its provisions. Morning papers did not comment, Paris dispatches arriving too late for them.

BOLSHEVIKI ARE QUIET

NO MOVEMENT ON ARCHANGEL FRONT SINCE LATE REPULSE OF ATTACK.

By the Associated Press
ARCHANGEL, Feb. 17.—Since February 11 the Bolsheviks have made no attacks against allied forces on any sector of the Archangel front. Allied airplanes report no enemy troop movements behind the lines since the bolshevik withdrawal southward.

Allied military leaders believe the bolshevik offense was stopped by allied and American troops and not by Bolshevik acceptance of the invitation to the Princes' Islands conference. The bolsheviks are increasing their efforts to destroy allied morale as well as morale among new Russian conscript troops. Their propaganda is well written and is printed in English.

APPROPRIATION FOR RAILROADS

HUGE SUM APPROVED TO OPERATE RAILROADS UNDER GOVERNMENT CONTROL.

By the Associated Press
WASHINGTON, Feb. 17.—An appropriation of \$750,000,000 for operation of railroads under government control was approved today by the House appropriations committee. Former Director General McAdoo asked for that amount to be added to the \$500,000,000 revolving fund provided in the original railroad control act.

Foundation of Brotherhood.
"The doctrine of the Brotherhood of Man is a beautiful dream, but it remains forever the baseless fabric of a dream, unless it is founded upon the deepest of all realities, the Fatherhood of God. To better our social conditions we need close thoughts, earnest study, a diligent application of the methods, but at last without faith in the eternal foundations there can be no final adjustment of social difficulties and all earthly wisdom is but as sounding brass and clanging cymbals."—Dr. Samuel Smith.

World's Lightest Wood.
The balsa tree, which is now being cultivated in Costa Rica, produces the lightest-known wood in the world. It is in great demand for all purposes where lightness of construction is of importance, it is very porous and a good insulator and is much used in airplane building, as it offers the minimum amount of air resistance.

Rich Rhine Country.
Strange to say, the fine grapes are grown on the eastern slopes of the Rhine and the choicest varieties, as Johannisberger and Steinberger, are produced higher up the river, south of the Rhine province. It is, nevertheless, the land of the vine, especially the Moselle valley. The substantial claim of the province is its mineral wealth.

Passions' Growth.
Let me not forget that the power and joy of sacrifice grow upon those who exercise it. Pure passions grow as well as dark ones.—W. L. Watkinson.

RUSSIA GETS ATTENTION

QUESTION OF DEALING WITH FACTIONS UNDER CONSIDERATION.

By the Associated Press
PARIS, Feb. 17.—Attention of the peace conference delegates was centered on Russia today, the supreme council having decided that as the time for the acceptance of the invitation to the Princes' Islands conference had expired something else must be done.

Winston Spencer Churchill of Great Britain has suggested that the invitation be renewed and that some of the conditions that made the first invitation unacceptable to some Russian factions be omitted. It is possible, however, that direct negotiations may be started by commissions appointed to get in touch with opposing elements in Russia.

HOTEL FIRE AT SHAWNEE

NORWOOD HOTEL BURNING. BELIEVED OTHER PROPERTY WILL BE SAVED.

SHAWNEE, (Special).—The Norwood hotel, the largest in this city, is burning and will probably be a total loss. The fire was discovered in the basement this morning about 9:30 and by noon had broken through the fourth floor. The firemen have succeeded in confining it to the hotel and it is thought that adjoining property will be saved.

WOMAN CANDIDATE FOR POLICE CHIEF AT ARDMORE

Ardmore, Okla., Feb. 17.—Interest was added to the municipal campaign in Ardmore Saturday when Mrs. Bob Hutchins made announcement that she will be a candidate for the democratic nomination for chief of police at the primaries March 18. This is the first woman to offer for office in Ardmore and her candidacy has brought forth much comment, favorable and otherwise. Her husband is a republican and was elected chief of police one time here on an independent ticket. Already six men have announced for the office and it is expected two or three more will file. The registration books will be opened for women voters to register February 26.

Substitute for Platinum.

Palladium furnishes a substitute for platinum in the dental industry, thereby releasing from use the latter metal. It is nearly as hard as steel, and has the curious property of swallowing hydrogen. A piece of palladium will absorb 650 times its own bulk of hydrogen.

Rests With Man to Accomplish.

The door of opportunity is never closed to the man who has the desire to realize his ambitions and the will to do so. And to the one who believes that the world is a fair field, there is no closed door. It but awaits the man who will lift the latch and walk through without questioning what awaits him.

Boring Rubber Corks.

To bore a hole in a rubber cork is a problem to anyone who does not know the trick, but simple enough when that is known. It is to moisten the borer with a little of a fairly strong (say 10 per cent) solution of caustic soda or potash. It will then cut the rubber with little more difficulty than it will cut cork.

A Fathom.

When sailors speak of fathoms they do not always mean the same thing. On board a man-of-war a fathom means six feet, on board a merchantman five and a half feet, and on board a fishing vessel five feet.

No Charmer, This!

Furthermore, why do they call an ear-splitting whistle a "siren"? On understanding of a siren is that people don't try to get away from her.—Galveston News.

Active Volcano.

The most active volcano in the world is Mount Sangay. It is 17,190 feet high, situated on the eastern chain of the Andes, South America. It has been in constant eruption since 1728.

SPARTAGANS RAID TOWN

GERMAN REDS SEIZE MUCH PLUNDER IN SUDDEN ATTACK. BANKS SAVE FUNDS.

By the Associated Press
BERLIN, Feb. 17.—Spartacans from nearby towns marched into Gelsenkirchen early this morning and overpowered local military and police forces and plundering of the city followed. Doors were blown in with hand grenades and much booty taken by the Spartacans. Banks had been warned in time and saved their funds from the looters.

GERMANS SIGN NEW ARMISTICE

BACK DOWN AFTER FOCH REFUSES TO CONSIDER DEMANDS FOR DELAY.

By the Associated Press
COPENHAGEN, Feb. 17.—The German government Sunday night accepted the allied terms for armistice renewal, according to a dispatch to the Politiken from Weimar. The meeting at which the acceptance was decided upon, the Politiken's correspondent says, was attended by all party leaders.

Foch Brooks No Delay.
COPENHAGEN, Feb. 17.—Replying to a request by Mathis Erzberger, head of the German armistice commission for a delay in the signing of the armistice terms until Monday noon, Marshal Foch declared that the armistice expired at 5 o'clock Monday morning and that the last hour for signing would be 6 o'clock Sunday afternoon in order to be able to issue the necessary orders to the troops.

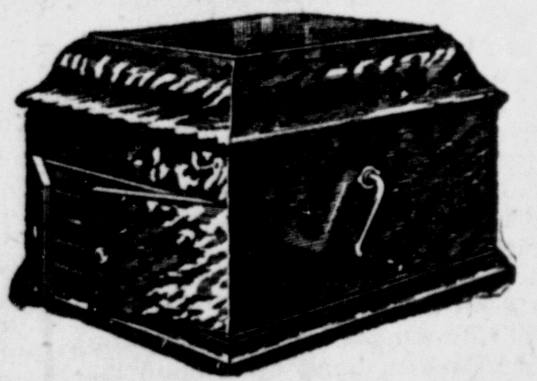

If not signed then, Marshal Foch said, he would be obliged to leave Treves and the armistice would no longer be in force.

Answering Erzberger's counter demands, Marshal Foch said the new armistice terms had been fixed by the heads of the associated governments and that he was unable to alter them.

A Weimar dispatch under date of Saturday, February 15, says the German government requested an extension of 24 hours time in which to reply to Marshal Foch's proposal for a prolongation of the armistice. It was pointed out that, owing to the delay in receiving the armistice commission's report, a reply could not be returned by 6 o'clock as fixed by Marshal Foch.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute.

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

Rockwall county, Tex., the smallest county of the state and having an area of only 150 square miles and taxable wealth of less than \$6,000,000, has voted \$800,000 of road bonds. The plucky little county expects to build concrete surfaced highways which will link up with those of adjoining counties. That is going some, but the people are determined to settle the road problem for a century to come.

Autoists of the state will doubtless back with enthusiasm a bill introduced by Representative Date Crawford of Pontotoc county, providing that auto mechanics must take an examination before a state board and secure a license before being permitted to charge for repair work on an auto. A state board of three master mechanics will be appointed by the governor to take charge of the matter and the members will be paid by the applicants. Forty per cent of the fees thus collected will be turned into the state road funds and the remaining portion applied on expenses and fees for the members of the board. Autoists have long complained at having their machines damaged by men who posed as mechanics but who knew nothing of the business further than to make heavy charges.

A favorable report has been made on Representative Ebeys' bill recognizing the right of cities to make contracts with public utility corporations. The corporation commission can change the rates agreed to only when the corporations prove that without better rates they will be unable to make a reasonable return on their business and that in computing the salaries of officials not actually giving their time to the work will not be allowed to be counted. The actual capital invested and used in the business will be the basis on which a readjustment will be permitted. The bill has been changed somewhat since its introduction, these changes being deemed necessary because of possibly constitutional objections being raised.

Campbell Russell's initiative petitions for vitalizing the 12-A amendment are probably being circulated in Pontotoc county by this time, or will be shortly. Voters should be slow in signing these, as it would be much better for Pontotoc county as a whole to let matters rest where they are. Ada will not be materially affected either way, but if this amendment is vitalized, Francis, Stonewall, Fitzhugh, Roff and other schools will be utterly ruined. Francis, for instance, already votes the tax limit and that is hardly enough, and with the amount that would be cut off by operation of Russell's plan would leave the district in a very hard place. Furthermore, the weaker districts which have no railroads or public utilities to tax would not gain anything. They now get support from the national appropriation for

the eastern part of Oklahoma and if under operation of Russell's measure they received more state money, the federal aid would be quickly cut down and they would be no better off, even though a number of the best schools in the county would be utterly ruined or seriously crippled.

OKMULGEE AFTER TRAIN

The Okmulgee Democrat states that at a recent conference between a committee of the Chamber of Commerce of that city and Frisco officials and regional director to use their influence to have a fast train put on to Fort Worth. Due largely to the increased traffic following the development of the Ranger oil field, it is believed by the men in authority that such a train would be a paying proposition. Under present conditions travel between Oklahoma points on the Frisco and Texas is very slow and inconvenient and the traveling public will welcome the new train. The matter is now up to higher government railroad officials and if there is anything Ada can do to help matters along Okmulgee has only to call for it.

HOME SERVICE STORES.

The service which the stores in every Oklahoma town offer to the people of the community is not always fully appreciated. It represents, however, an achievement far beyond what can be created by any group of men.

It is linked up with a system of world-wide distribution, so to speak, built through the intelligent efforts of the brightest of business minds. Years ago the ordinary retail store had no such command over the nation's resources. Today a system has been organized by which any store can draw at once on central depots for anything under the sun that it can pay for and its customers want. It is visited regularly by trained representatives of these centers, who can give expert help in meeting the needs of the public.

Thus any bright and progressive store becomes an integral part of a great system, in a position to offer standardized service. It can provide anything the public wants in an intelligent way, and in so far as its business is conducted on progressive principles, for a reasonable price.—Tulsa World.

afternoon. A strong force of workers was brought together from the different churches of the city. The meeting opened with the old fashioned hymn, "Jesus Lover of My Soul," led by Supt. Bradley of the First Methodist Sunday School. This will be the campaign hymn to be used throughout the county until the convention in June. A circle of earnest confessions was led by Supt. Riddling of the First Baptist Sunday School. The Secretary, Mrs. M. L. Perkins, with maps and charts, made a good report of the work done and other work to be accomplished. Rev. Dunn of the Christian Sunday School told a good witch story which was a lesson in obedience for the "little ones." Rev. Beck of the Presbyterian Sunday School told what it took to make an ideal Sunday School, a thing that can never be but a goal to work to. Mr. Perkins told a story of the "strong-weak" man of the Bible in the unconventional language of the street, to bring to the young men and women the great lesson that "seemeth right to a man, but the end thereof is death." After a song the conference was dismissed by Supt. Harrison of the Second Baptist Church Sunday School.

ROUTE OF STATE ROAD IN PONTOTOC COUNTY

Under the terms of the bill passed by the House Saturday a road running from the Kansas line and following the general course of the Frisco railroad will cross the Canadian river over the Francis bridge. It divides at Ada, one branch following the general route of the Katy to Atoka where it meets another main road to Texas. The other extends from Ada to Stratford where it meets a north and south road. The south extension passes through Sulphur and Ardmore thence to the Texas line. The north part goes due north to Shawnee and about Meeker where the Oklahoma City road east and west is intersected. A branch from the line following the Rock Island extends from Calvin to Allen. The north and south line already referred to passes six miles west of Roff.

The Senate Bill, which has not yet been passed, differs somewhat from the routes laid out in the house bill and the Pontotoc county roads, like many others, may undergo some change when the bill finally goes to a conference committee.

IMPROVED UNIFORM INTERNATIONAL

SUNDAY SCHOOL LESSON

(By Rev. P. B. FITZWATER, D. D., Teacher of English Bible in the Moody Bible Institute of Chicago.)
(Copyright, 1918, Western Newspaper Union.)

LESSON FOR FEBRUARY 23

THE BREACH OF THE COVENANT AND MOSES' PRAYER FOR ISRAEL.

(May Be Used With Missionary Application.)

LESSON TEXT—Exodus 32:1-34:9.
GOLDEN TEXT—The effectual fervent prayer of a righteous man availeth much.—James 5:16.

ADDITIONAL MATERIAL—Deut. 9:6-28; Eph. 3:14-21; James 5:16-18.

PRIMARY TOPIC—Ask God's help for others. Memory Verse—James 5:16.

JUNIOR TOPIC—Praying for other people.

INTERMEDIATE TOPIC—Interceding for others.

SENIOR AND ADULT TOPIC—The value of intercessory prayer.

Less than six weeks have elapsed since Israel took the oath of allegiance to Jehovah. In less than forty days they flagrantly break the first and second commandments.

I. The Golden Calf (32:1-6).

1. Moses' delay (v. 1) This they interpreted to mean that their leader had either lost his way in the darkness or had perished in the fire that hovered over the mount.

2. The people's demand (v. 1). They demanded of Aaron that he make them a god to go before them. Their profession of allegiance to God collapsed as soon as the strong personality of their leader was no longer felt.

3. Aaron's cowardly compliance (vv. 2-4). He was an eloquent man, but lacked moral courage. Many today can talk fluently, but vacillate before the real issues of life. In order to gain time with the rebels he demanded that they cast off their jewelry and bring it to him. Perhaps he thought that their love for it would cause them to forego their demands, but they cheerfully gave up their jewelry for a false god. Aaron, like many compromising men of this age, opened a door which he could not shut.

4. Wanton revelry (vv. 5, 6). Seeing their disposition, Aaron erected an altar and proclaimed a fast unto Jehovah. He no doubt wished them to worship the Lord through the image, but he had made a god for them and it was a very short step to the heathen orgies connected with idolatrous worship.

II. God's Burning Wrath (32:7-10). God's nature is such that he cannot tolerate a rival. No gods shall be before his face. The rival must be removed or the people must be consumed with divine wrath. God does not own them as his people, for they had cast him off.

III. The Mediation of Moses (32:11-14).

The declaration of a divine purpose to destroy the Israelites did not deter Moses from making intercession for them. What was his threefold plea? (vv. 11, 12, 13).

Moses knew full well that the people deserved to die, therefore he could not plead any merit on their part. His plea was based wholly on God's purpose for Israel. Through his intercession God relents.

IV. Judgment Falls (32:15-35).

1. Moses broke the tables of testimony (vv. 15-19) emblematic of the breach of their covenant with God.

2. Moses destroyed the image (v. 20) and made the people drink of the water which contained its dust, thus making them to experience in a physical sense the bitterness which results from sin.

3. Moses showed Aaron that he was inexcusable for his part in the disgraceful affair (vv. 21-24).

4. Moses called for those who would take a stand for the Lord to gird their swords and slay all who stood out in rebellion. The tribe of Levi ranged themselves on his side and became the instrument by which God chastened his people (vv. 25-29).

5. Moses confessed the great sin of the people and begged that God would forgive them. He was willing to suffer the punishment himself, if possible, and let the people go free. The Lord declared to him in answer that every man should bear his own sin (vv. 30-35).

V. The Covenant Renewed (33:1-49).

1. Moses' commission renewed (Ch. 33).

2. The second tables of the law given (34:1-9). In the giving of these tables he reiterated God's justice, but gave particular emphasis to his mercy. "The Lord God, merciful and gracious, long-suffering and abundant in goodness and truth, keeping mercy for thousands, forgiving iniquity and transgression and sin, and that will by no means clear the guilty; visiting the iniquity of the fathers upon the children, and upon the children's children, unto the third and fourth generation."

What to Pray For.

Oh, do not pray for easy lives. Pray to be stronger men. Do not pray for tasks equal to your powers. Pray for powers equal to your tasks. Then the doing of your work shall be no miracle. But you shall be a miracle. Every day you shall wonder at yourself, at the richness of life which has come to you by the grace of God.—Phillips Brooks.

Fellowship.

Those who follow Christ are blessed with the fellowship of Christ. Where there is fellowship there is fellowship.

Stop Coughing!

The simplest, quickest and best way to stop coughing is to take Foley's Honey and Tar.

In it, you get the curative influence of the pine tar and other healing ingredients, together with the mollifying and laxative effect of honey.

Foley's Honey and Tar

helps coughs and colds, bronchial and lagrippe coughs, tickling throat and hoarseness. It is good for croup and whooping cough. It does not contain morphine, chloroform, or any other drug you would not want to give children, delicate persons or grown-ups. Do not accept a substitute.

"We have used Foley's Honey and Tar in our home for several years, and find it almost invaluable for the cure of coughs and colds, and especially for croup with children. They won't take any other kind. We are never without it in the house and can not too highly recommend it for coughs, colds or croup, for either grown up people or for children." T. J. WHAT ROFF PEOPLE HAVE BEEN DOING

From Roff Eagle.

Miss Mabel Taylor was shopping in the city Tuesday.

Mrs. John Boyd, of Blocker, is visiting in the home of her daughter, Mrs. P. E. Delorvin.

Paul Delorvin Sr., was here from Blocker on business during the week. We are sorry to learn of the illness of L. C. Morris and little daughter.

John Hunter passed through Roff Wednesday en route to his home at Sulphur.

Capt. W. O. Pratt, O. W. Taylor and E. J. Merritt were in Oklahoma City on business during the week.

Miss Josephine Galahar is here from Corsicana visiting in the home of her brother Lee.

Miss Minnie Knighten was called to the bedside of her sister who is seriously ill at her home in Dallas.

Sgt. C. E. Sterling and Sgt. H. G. arYbrough, of Camp Travis, were guests of Misses Lucile and Genevieve Jones this week.

Homer Leeper experienced a narrow escape this week. He had bought two car loads of hogs at Fitzhugh and was moving them to Roff. The wagon on which he was loading them had three sideboards against which he was leaning and the standards which held them on broke letting him fall to the ground head first rendering him unconscious for sometime. He is all right now.

Mr. and Mrs. A. J. Chambers have received word from their son, Sidney stating that he had arrived safely from overseas and was on his way to Camp Merritt, N. J., from Camp Pike, Ark., and from there mustered out and is expected home at an early date. We all join the Chambers family in welcoming home this young man after he has done his bit in helping to win the war.

WOULD GIVE ADA CAPTURED GUN

Congressman McKeown has introduced a bill in the House directing the secretary of war to donate to Ada a German cannon captured by the American forces in the campaign in France. Such a gift would be highly acceptable to the city. It would be a perpetual reminder of the heroism and sacrifices of American soldiers.

KANSAS CITY BANKERS ATTEND OKLAHOMA MEETING By the Associated Press

KANSAS CITY, Mo., Feb. 17.—Eighteen bankers of Greater Kansas City leave today to attend progressive meetings of the Oklahoma Bankers' Association which begin tomorrow at Shawnee. Other meetings will be held at McAlester Wednesday at Miami Thursday, at Enid Friday and at Frederick Saturday.

PRESBYTERIANS ENLARGE HOLDINGS

At the morning service Sunday, the Presbyterian congregation voted unanimously in favor of purchasing the Craig property adjoining the church lots on the east. This will give the church a site of 150x140 feet which will be ample for both a larger church building and manse. Until another church edifice is erected it is planned to use the house on the newly acquired property for Sunday school purposes.

The little switch at the head of your cellar stairs and at the foot of the attic stairs.

The switches which enable you to turn on the upstairs or downstairs hall lights from either floor.

The useful lights on front and back porch which add distinction to your home, provide convenience for the caller and furnish protection for your family by night.

The easily reached pull sockets for individual control of lights—easy to find in the dark.

The proper number of baseboard receptacles in every room in that you may use the many inexpensive electrical conveniences that make entertaining easier and housekeeping a pleasure.

Ask us for figures on wiring your home—an inquiry places you under no obligation.

OKLAHOMA HOUSE PASSES ROAD BILL

From Sunday's Oklahoman.

The house road committee's \$50,000,000 road bond bill embodying virtually every material feature of Governor Robertson's hard surfaced road construction program, was passed by the house of representatives yesterday afternoon by a vote of 81 to 7.

The seven negative votes were recorded by Representatives Campbell, Glasser, Haley, Harvey, Hill of Ellis, Thirsk and Vaughan, all republicans, who waged a losing fight Friday to take from the hands of the governor the power of designating the members of the commission, which will supervise the expenditure of the money and the construction of the roads. The house action followed two days devoted to consideration of the measure in committee of the whole, during which not an amendment of consequence was made to the measure, except those that were either offered or accepted by the committee which drafted the bill. For the most part the amendments adopted did nothing more than straighten out the language of the measure by eliminating superfluous words or mentioning the name of some small town through which the road will pass.

Apparently the house was thoroughly organized in supporting the committee's bill before it was offered on the floor of the assembly, for at no time during consideration of the bill was there a showing of formidable opposition, except on the proposed use of a portion of the oil counties share of the gross production tax from oil in the handling of the bonds. When the bill was first taken up Friday oil county representatives declared they would oppose giving up any of their share of the tax. Yesterday the roads committee agreed to eliminate this provision from the bill.

The bill as passed by the house yesterday provides for:

A bond issue of \$50,000,000, the bonds to be sold at not less than par and accrued interest, to be non-taxable and bear interest at a rate not to exceed 4 1/2 per cent, the proceeds from the sale of the bonds to be used in construction of a state system of hard surfaced roads of a minimum width of nine feet.

Creates a state road commission to be a part of the department of highways to be composed of five members, the governor to be chairman and to appoint the other four members, not more than two of whom shall be of the same political faith, subject to confirmation by the senate.

Members of the commission are required to give a bond of \$100,000 each for the faithful performance of their duty; members will receive a

A GREAT ECONOMY BE- CAUSE OF EXTRA WEAR

"After a trip to Kilauea, the active volcano of Hawaii, my Neolin-soled shoes were the only ones not absolutely ruined. Many in our party wore hob-nailed boots," said Miss Jean P. Lane of Seattle, Washington.

The sharp jagged lava of Kilauea cuts an ordinary sole to pieces quickly. That Neolin Soles stood the test but emphasizes their toughness and durability. These qualities are built into them by a scientific process. Women—and men and children, too—who are hard on shoes should buy them with Neolin Soles. They come in many styles, and because of the extra wear they give, are a great economy.

And any repairman will re-sole your worn shoes with Neolin Soles, which are flexible and waterproof as well as long-wearing. They are made by The Goodyear Tire & Rubber Co., Akron, Ohio, who also make Wingfoot Heels, guaranteed to outwear all other heels.

Neolin Soles
Trade Mark Reg. U. S. Pat. Off.

salary of \$5,000 a year and will serve throughout the period of the construction of the roads.

Creates a road bond fund into which 66 2/3 per cent of the receipts from the sale of automobile licenses will be paid for the purpose of paying the principal and interest upon the bonds when due. In any year when funds from this source are insufficient the remainder necessary is to be raised by a direct tax.

Maintenance of the roads is provided for from a fund to be raised by assessments against abutting property, running back as far as three miles from the road, and including pipe lines, telephone and telegraph lines and railroad property.

No material change was made in any of the thirty-seven routes set out in the bill, except that route designated as No. 19, between Sapulpa and Tulsa, and route No. 30 from Moore to Tuttle and crossing the New Castle Bridge, were stricken from the bill.

There was a feeling yesterday that in view of the differences between senate and house bills and the differences of opinion on routing, which are expected to increase, the road bill which will finally be agreed upon will for the most part be written in a conference committee composed of members of each branch designated to adjust the differences.

M., O. AND G. IS JOINED TO KATY

MUSKOGEE, Feb. 17.—The unification of the M., O. & G. railroad and the Katy railroad has been officially announced.

The physical change took place at 9 o'clock today. Hereafter all the passenger and freight business of the M., O. & G. railroad will be done at the Katy station. All trains of both railroads will come in and leave the Katy station.

A similar change will become effective at Durant and Wagoner, it was officially announced. The passenger and freight business of both railroads will also be done there by the Katy station.

As far as the officers of the two railroads know there will be no change in the office force of either railroad. Things will go on as before with the change noted.

The Katy will take what necessary labor from the M., O. & G. railroad to run the increased business at the enlarged station.

A meeting of the officials of the railroads was held Friday morning in the office of E. A. Dewey, superintendent of the M., O. & G. railroad, to talk matters over. Nothing was done as all the matter lies in the hands of the authorities at St. Louis, acting under the government.

Notice to Owners of Chickens.
As gardening time is approaching, several complaints have been made about chickens and other fowls running at large and trespassing upon adjacent premises.

Notice is hereby given that it is a violation of the city ordinance for chickens, ducks, geese, turkeys and other fowls to run at large and hereafter said ordinance will be fully enforced against all who permit their fowls to run at large and trespass upon their neighbor's premises.

Those owning any of such fowls take notice and keep them up.

ADA WINS TWO; LOSES ONE GAME

HIGH SCHOOL GIRLS AND NORMAL BOYS TAKE GAMES.
H. S. BOYS LOSE.

Basketball had the stage in Ada Saturday evening, when three stellar games were played, the high school winning one and losing one, and the Normal winning one.

The game at the Normal, between the teachers and the five from Okmulgee, was one of the finest exhibitions of sport ever seen in Ada. It was fast, clean and scientific. Coach Lewis of the Okmulgee high school brought down a bunch of dandy athletes. E. C. Wilson had his five in the pink of condition, considering that two of the men are still unable to work on the floor. The final score was 25 to 23 for the locals.

For the first half the visitors had the edge on the young pedagogs. The first half ended with Okmulgee in possession of the long end of an 11 to 13 score. The home lads came strong in the second round and managed to tie the score in the first few minutes of play. From that time it was anybody's game until the whistle blew. A difference of four points marked the greatest margin in the points of the two teams at any given time.

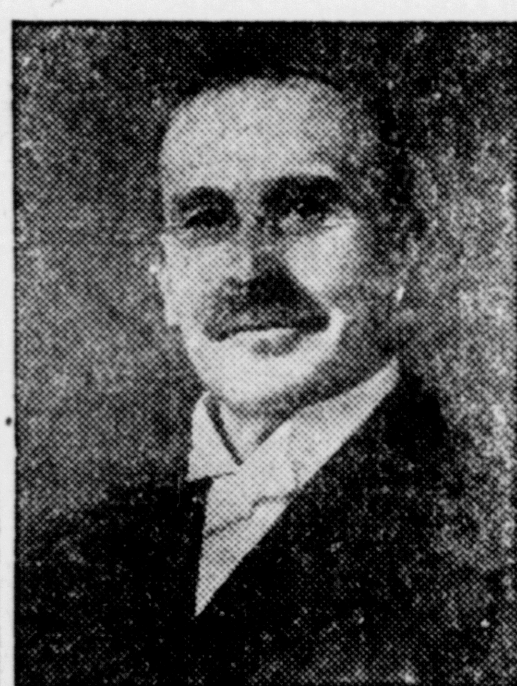

At the high school building, the Ada girls trotted away with another game from Blanchard, 28 to 17. Miss Cameron's girls played better probably than the night before. The visitors had become accustomed to the local court and put up a better fight, but they could not overcome the superior playing of the Ada sextette. Misses Alice MacLachlin and Gladys Gilstrap shot goals at will and from all angles. Misses Bernice Roach and Ada Pennington were invincible in the center court, and Misses Agnes Cameron and Ruth Mount were too much for the visiting goal putters.

The playing of the young ladies in these last two games has been a pleasant surprise to the sport loving populace of Ada. Miss Margaret Cameron has developed a bunch of basketball experts. Visions of state championships and strings of victories limited only by the number of games played are becoming the rule at the high school.

Charlie Rayburn's high school lads did not share so well in the score they piled up against Roff, and went down before Prof. Davis' proteges by a 47 to 16 score. This does not mean that the local boys did not play well. Roff has one of the best teams in the state, having defeated Francis and the Normal both. Crawford showed up wonderfully well at center, Allen and Roach demonstrated great possibilities at forward, and Marshall and Derrick are fast getting into guard shape.

On the whole, the sporting population of the city is very well pleased with two victories and one defeat on the same night. It smacks of pre-war days when the East Central Normal and Ada High School were champions in their lines.

NOTED LECTURER HERE WEDNESDAY EVENING

LOUIS ALBERT BANKS
Boston

Dr. Louis Albert Banks of Boston will speak Wednesday evening at seven thirty at the First Methodist Church of this city. Dr. Banks is an orator of national fame and even world renown. His coming to Ada will be an event of more than passing moment. In addition to his rank as preacher and lecturer, Dr. Banks is the author of more than fifty books, and they are books found in every minister's library in America. But his coming to us is for the purpose of addressing a mass meeting of the citizenship on, "World-Wide Prohibition Coming and America Leads the Way." The public will find great delight in this great man's message.

AVIATION OFFICER RETURNS TO ADA.

Lt. Austin Brown returned Saturday night from New York where he received his discharge from the army. Austin has been overseas several months and took an active part in the fighting on the French front. He has made a splendid record while in the army, having received his commission as First Lieutenant in the aviation corps.

FOUR RUSSIAN GRAND DUKES

EXECUTED AS REPRISALS.
PARIS, Feb. 17.—Paul Eric, correspondent of the Journal, who recently escaped from Petrograd and made his way to Helsingfors, says that four Russian Grand Dukes were shot some time ago without having been given a hearing and that it was understood their summary execution was the result of the killing in Berlin of Dr. Karl Liebknecht and Rosa Luxemburg.

The correspondent says certain of the bolsheviki advocated the release of the Grand Dukes and that their view was about to prevail when the Gorokhovia, or vigilance committee opposed this, and to show that it alone had the right to decide the fate of the prisoners had them shot.

The city court was a very busy place today for some thirty complaints were filed. There were various kinds of charges filed, gambling, twelve negroes having been caught shooting craps in the bats, carrying concealed weapons, consorting, drunkenness and disturbing the peace. Mayor Kitchens dealt out justice in his usual firm and, even manner.
